Heavy Burning In Forest Suspended As Result Of Fires

Mopping Up Operations On Donner Fire Will Be Continued

While mopping up operations on the 39,000-acre so-called Donner Ridge fire continues, the San Francisco regional office of the federal forest service this week ordered all controlled heavy burning halted in the national forests of California.

The ban is scheduled to be effective until the current high fire hazard is reduced. It applies to burning connected with construction projects, rights of way clearing, logging operations and other heavy burning.

Ed Heilman, district ranger at Bescanso in the Cleveland National Forest in San Diego County, who is officiating as fire boss on the local burn, said the service will gradually reduce the number of men required to approximtaely 200 with an additional 50 to maintain camps.

The lines will be kept patrolled, chiefly by Indians from New Mexico and Arizona, experts in fire fighting and control. Supervisors have arrived to replace the tired local men from the Atlantic states and Montana and will be in charge of details in the mopping mop and suppression work.

TANKS REMAIN

Civil defense trucks have returned to their headquarters and only forest service equipment and contract tankers, some from as far away as San Diego remain on the job.

This week the crews are not only busy mopping up the fire but maintaining the miles of roads which have been abused during the fire fighting. Water wagon and graders are engaged in this important phase of the work.

COUNTY LOSS

One fact which should not be overlooked in summing up the cost of the fire is the loss to the counties. The 25 per cent return to the counties from the forest service in lieu of taxes will be drastically cut this year.

Heilman said the summing up of the loss showed a total of 39,000 acres burned over with a loss of more than 150,000,000 board feet of lumber valued at upwards of $3,000,000.

COST MOUNTING

The cost of suppressing and patroling the 70-mile radius will continue to mount until snow falls or until a soaking rain brings an end to the danger.

Two other fires both of which were controlled quickly, were reported this week. One was at Baxter, Placer County, and the other a 1,300-acre fire which flared up from the Wolf Creek fire near Alleghany in Sierra County.

Fish and game officials yesterday made a tour of the area of the local fire to determine, if possible, what damage has been done to wildlife.

It is estimated that it will take at least another 50 years to replace the timber lost in the fires.

CHAMBER SUPPORTS REFORESTING PLAN

The Truckee Donner Chamber of Commerce this week went on record as supporting the legislation by local representatives in congress to secure funds for reforestation in the burned over areas of the California forests.

Letters of support were sent to Senators Clair Engle and Thomas Kuchel and to Representative Harold T. Johnson.

The terrible loss in forests, as well as watershed, soil erosion and natural resources and wildlife is shameful and some restoration through federal aid is deemed a necessity, Chamber Manager N. F. Dolley declared in making the announcement.

THIEF TAKES TV FROM HOTEL LOBBY HERE

Robert Plunkett of Bob's Hotel on East River Street reported to the sheriff's office that a television set was stolen from his establishment some time after midnight last Friday. The value was placed at $180.

Police are looking for a former resident of the hotel who had an argument with the proprietor and left.

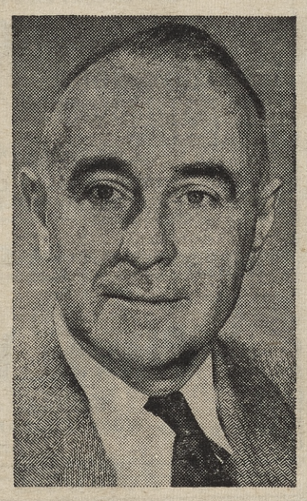
Mr. and Mrs. Robert Leamon observed their wedding anniversary and Mrs. Leamon's birth date August 28, receiving felicitations from friends and relatives on the dual occasion.

Leitch Retiring As Phone Official To End 33 Year Job



ART LEITCH

A man who played a 33-year role in the progress of telephone service in the Lake Tahoe, Truckee, and Placerville area has decided to call it quits.

Art Leitch, now manager of Pacific Telephone's Placerville office, announced he will retire October 1, after completing 40 years' service with the company.

Leitch began his Pacific Telephone career in 1920 in Sacramento. He later served as manager of the Lake Tahoe-Truckee office. In 1952 he accepted his present position.

"Forty years doesn't seem very long when you have interesting things to do," he added. "It goes awfully fast."

Leitch remembers the days when all highways to the Lake Tahoe area were closed for the winter.

"Speed boats were used for transportation," he said. "When storms made telephone repairs necessary, the men had to take a boat down the lake close to the trouble spot and then proceed on foot in snowshoes."

As to retirement activities, Leitch said we plan "just to have fun."

"There are lots of places Ardath and I want to see and lots of things we want to do," he said.

CLEMENTS TO STOCK SUPPLIES AT TAHOE

Clements Rock Products, Inc., is establishing a modern ready-mix and aggregate storage plant at the building materials yard of Bud Mandeville in Kings Beach, Jack Houlgate, manager of the company, announced.

The plant is located at Cutthroat and Coon Streets in Kings Beach and customers are asked to drop in and pick up the materials or call one of the several dealers in the Truckee-Tahoe area.

The new plant will provide quality concrete, aggregate and plaster sand.

PERSONAL ITEMS ARE TAKEN IN BURGLARY

Sheriff's deputies have been asked to investigate the theft of a number of personal effects taken from the camp of Earl Stevens of Eureka. Stevens was camped near Hobart Mills and Monday left for Emeryville to visit friends. Upon his return he discovered his tent had been entered and a number of valuable carpenter tools and clothing had been taken.

DIRECTORS TO TALK ON NEW CLUB HOUSE

There will be a special meeting of the directors of the Truckee Public Utility District Tuesday evening at 8 at the board office, Manager Wilbur Bell announced. The purpose of the meeting will be to discuss plans for a club house at the district's golf course and anyone with suggestions is invited to be present.

Pictures Shown

Rev. Thomas Roth, a pastor from Dallas, Teaxs, showed many beautiful and interesting slides taken on his trip to the Holy Land just one year ago at the regular Wednesday evening Bible study group of the Truckee Bible Church. All who attended were thrilled with the pictorial journey and the biblical commentary.

Camp At Kingvale—

Mr. and Mrs. O. B. Rablin of Roseville have been visiting local friends while camping at Kingvale.

Suspects In Local Station Robbery Captured In Reno

David Holleman Beaten In Robbery Of Truckee Station

Within half an hour after David Holleman, 18, local service station attendant, was assaulted by two armed robbers and robbed of more than $100, his accused assailants were apprehended by Reno police.

The robbery took place at about 2 a. m. Tuesday morning at the Shell station near the underpass of State Route 89 and the freeway.

Holleman, alone at the station, told Deputies Sheriff Preston Patnoude and Emery Lander that the two men, driving what police said was a stolen Missouri car, entered the station and forced him at gun point to go into the rest room.

There they struck him over the head three times with a rock, took his wallet containing $47 and approximately $70 from the cash register and fled eastward.

A road block was set up at Fourth and Sierra Streets in Reno. When the car arrived the two bandits decided to break through and one was shot by one of the officers.

The two being held for the local crime as well as transporting a stolen car across a state line are Joel Thompson, 18, and J. J. Brezna, 23, alleged to be absent without leave from a Missouri army post.

Holleman was taken to the Tahoe Forest Hospital and released after treatment for head injuries.

The two suspects were being questioned by the federal bureau of investigation.

Election Scheduled For Hospital Board

Two directors of the Tahoe Forest Hospital District will be elected November 15 and the final date for filing nomination petitions is September 12.

The two directors whose terms expire this year are James Sherritt of Soda Springs and Ted Barrett of Kings Beach. Both have indicated they will be candidates for reelection.

Anyone desiring to file for nomination may secure the papers from Charles R. Heller, secretary and member of the board.

Other directors are I. Firpo of Truckee and Gordon Moyer of Tahoe City.

CRIPPLED CHILDREN'S PICNIC BIG SUCCESS

KINGS BEACH — The annual crippled children's picnic, sponsored by VFW Post 7077 and the auxiliary was held August 21 at Sand Harbor.

The Cooties and Cootiettes of Reno this year assisted in providing transportation for the 61 children and their parents. Because of rough water, boat rides and swimming had to be cancelled and the day was spent playing games and eating.

Thanks was given to the chef who barbecued endless amounts of chicken and hot dogs, to Gene Antonson and Cecil Holly and to the rangers who arranged special sections for the children and permitting cars to drive into the area.

Special thanks also was given to the score or more who donated supplies, provided transportation and otherwise made the affair an outstanding success.

JUDY FANGER TO BE STUDENT AT DAVIS

DAVIS—Judy A. Fanger of Tahoma has been admitted to the University of California, Davis for the coming school year.

Federal Aid To Be Sought To Ready Truckee's Airport

Directors Review Plans To Start Construction Of Local Field

The directors of the Truckee-Tahoe Airport District met in regular meeting Thursday, with Art Kendall, assistant director of aeronautics of the California Aeronautic Commission and discussed the steps to be taken to avail themselves of federal aid to begin work on the airport, on the 208 acres in Martis Valley recently purchased from J. E. Joerger.

The purchase price of the land was $51,320. The district made a down payment of $5,000, and gave a note for the balance of $46,320 to be paid in five annual installments with interest at 4 per cent, which will bring the total cost of the land to $56,878.40.

The deeds for the land embrace about 161 acres in Nevada County and 47 acres in Placer County and is a strip 1,200 feet wide by 10,000 feet long. A portion of this strip crosses U. S. Forest Service land for which a use permit has been granted. The airstrip parallels the Truckee Brockway road about 1,800 feet east of the same and will have an access road thereto in Placer County.

The plans for this fiscal year call for the building to county specifications of an 1,800 ft. by 60 ft. paved access road which will lead off the Brockway Road 1,000 ft. south of the Nevada, Placer County line and terminate at the center of the runway, where terminal, office buildings and a parking area will be built later.

The airport area will be cleared, the entire airstrip and access road fenced and the taxiway completed so that it can be used temporarily by small aircraft while the main

FIVE NEW RESIDENTS ARRIVE AT HOSPITAL

The district's population was swelled by five new citizens who arrived during the past week at Tahoe Forest Hospital with Mr. and Mrs. Wesley Fair of Truckee and Weimar welcoming their son, named Curtis Duane on August 24. The baby who weighed in at 4 pounds, 3⅛ ounces has two older sisters.

Also on August 24, Patricia Marie arrived for Mr. and Mrs. Richard Robertson of Kings Beach. Her first weight was 6 pounds 3¼ ounces.

Mr. and Mrs. Maxwell Bennett of Tahoe City became the parents of a daughter whose chosen names are Sabrina Kiersten. Her registered weight on August 27 was 5 pounds, 5¼ ounces.

A son, Troy Andrew was born last Thursday to Mr. and Mrs. Louie Ramirez of Truckee, tipping the scales first at 6 pounds, 3¼ ounces.

The given names for the baby girl of Mr. and Mrs. Doyle Densley of Truckee were not immediately learned after her arrival August 28. The child's first weight was 9 pounds, 8¾ ounces.

SKIRTS AND SHIRTS WIN BOWLING MATCH

KINGS BEACH—The Skirts and Shirts, a mixed Bowling league at the Kings Beach Bowl, finished their schedule last Friday with 1st place going to Cedar Glen Lodge and the Horseshoe and second to Sierra Construction and Templeton's Inn and Waddell Frosties tieing for third.

High game went to Pearl Martin for the women and Barak Wright for the men.

The women's bowling league has one more week to run with the Tahoe Lookers in first place and Anderson Construction second.

NURSERY SCHOOL TO MEET

The Truckee Parent Cooperative Nursery School will hold its first meeting of the school year at 8 p. m. Wednesday, September 7 in the kindergarten room of the old grammar school. All interested parents are invited to attend.

Date Observed—

Mrs. David Rose and Dorette and Pamela of Arcata were recent visitors here.

Sportsmen Prepare Buck Derby Instead Of Stew This Year

Instead of a buck stew, the Truckee Outdoor Sportsmen this year sponsors a buck derby with prizes going to the hunter with the heaviest buck each week and a grand prize at the end of the season.

Everyone is invited to enter and no charge for entering will be made.

Frank Fox has been named as general chairman of the event with Charles Osburn and Mrs. Dorothy Fordham as his assistants.

All merchants in Placer, Sierra and Nevada Counties are cooperating to donate pirzes.

Location of the weight stations will be at the west end of Donner Lake, Osburn's Flying A Station and Hintz Gateway Market.

The contest will continue from September 24 to November 6 and the weekly prizes will be awarded at 8:30 p. m. each Sunday at Bud's Sporting Goods in Truckee. Bucks must be weighed prior to 8 p. m. each Sunday to qualify for that week.

In the meantime committees are busy signing up new members in the organization.

Donner Camp Site Is Saved From Fire

When the Donner Ridge fire started to spread and got out of control, one of the first things the forest service crews did was bulldoze a firebreak around the stumps which mark the site of the tragic Donner party camp at the upper end of Alder creek meadow.

A spot fire from the blaze came within 150 feet of the stumps, marks on which show where the Donners cut firewood above the snow during the winter of 1846 when snow trapped them en route to California.

The E. Clampus Vitus Chapter at Nevada City has planned the installation of a plaque at the site, but thus far has not carried out the program.

CHECKS, MACHINE ARE FOUND NEAR RIVER

A large number of un-numbered blank payroll checks with stubs on the First National Bank and Trust Company of Lodi and owned by the Lodi Door and Metal Company, together with a Paymaster check protector were found near the Truckee River Monday and turned over to the sheriff's office.

Deputy Leo Zander, who made the investigation, said the checks and machine were found by Selmer Wathney, 15, of Nevada City near the Denney Lumber Company's plant on the river bank. The boy gave the find to his father, Monty Wathney, who in turn gave it to the sheriff's office.

OES TO RECONVENE ON SEPTEMBER 6TH

Truckee Chapter No. 116, Order of the Eatsern Star will reconvene Tuesday, September 6 at 6 p. m. after two months vacation with Margaret Craig, worthy matron and Sam Faulkner, worthy patron presiding.

Anita Allison will be chairman of the Back to School theme and with her committee will serve refreshments after the business session.

UTAH MAN EXPIRES FOLLOWING ATTACK

The body of Lawrence K. Baugh, 64, who expired at the wheel of his car just west of Truckee Saturday night at 8 p. m. from an apparent heart attack, was shipped Sunday to his home in Logan, Utah, for funeral services. The Truckee Colonial Mortuary handled local arrangements.

Mr. and Mrs. Baugh were traveling home after visiting their daughter in Merced and their son in Redwood City when he was stricken.

Suspend License

SACRAMENTO — (CNS) — The state department of alcoholic beverage control has ordered a 15-day suspension of the on-sale general liquor license of Arnold Inderbitzen and Karl Kuttel, Swiss Club, Commercial Row, Truckee, on charges of sales to minors and permitting minors to remain on the premises and consume.

The penalty takes effect Oct. 6.

Three More Fires In Area Started By Smoker, Children

Two Fires Near Town Are Blamed On Children With Matches

Fire Chief Glen Coffey said there is little doubt that children playing with matches set the fire about 6 p. m. Wednesday in the heavily wooded area on the hill between the Tahoe Forest Hospital and the McIver home just west of town.

The Truckee Volunteer Fire Department sped to the scene and kept the potentially serious blaze confined to a small area.

Children seen playing in the area were being questioned.

Two small boys playing with matches started what might well have been a fire more disastrous than the Donner Ridge blaze. The fire statred on the hillside just east and north of Meadow Park Tuesday shortly before noon.

In the dry grass, the fire quickly took off and had it not been for the fast and effective work of the Truckee Volunteer Fire Department and people in the immediate area, the fire could have spread to a devastating proportion within minutes.

Fortunately there was no wind blowing at the time.

The boys were apprehended and readily admitted their part in the affair.

Some people never learn.

Although probably half blinded by smoke from a raging forest fire only a few short miles distant, some careless motorist last Thursday morning is presumed to have flipped a burning cigarette from his car, starting another potentially serious fire near Farad.

A suppression crew was summoned from the forest service and soon had the blaze under control with less than a quarter of an acre burned over between the highway and the Truckee River.

Fire Fighter Dies In Cab Of Truck

The only fatality of the fire which swept this area last week, ironically enough occurred after the fire was well under control and mopping-up operations were started.

William K. Powers, 31, a forest service employe from the Sequoia National Forest, who resides at Springville, died from what was believed carbon monoxide gas in the cab of his pickup truck Thursday morning.

It was apparent that Powers left the motor of the vehicle running to keep warm against the chill of the night. He was operating a portable radio during the course of the fire and undoubtedly was dead tired and fell asleep.

Air force first aid men who found him applied artificial respiration and summoned a helicopter to take the victim to the Tahoe Forest Hospital where he was found dead on arrival.

Powers leaves his wife and three small children.

THREE WIN AWARDS IN FAIR ART EXHIBIT

Three members of the Sierra Nevada Art Society of Truckee were given four awards for their pictures entered at the recent Nevada County Fair at Grass Valley including Julie Knoff, twelve-year-old daughter of Mr. and Mrs. George Knoff of Truckee. Her first places in the children's division was an oil painting, titled Beneath the Aspen and a charcoal portrait of Linda.

Mrs. Lloyd Van Sickle displayed her oil portrait of a cat, winning a first award. Mrs. William Fordham won a second prize for her landscape of Truckee.

TWO NEW MEMBERS JOIN ROTARY CLUB

Twenty members of the Truckee Rotary Club, presided over by President Fosten Wilson, welcomed into membership James Scardina and Harold Drummond at the regular Monday night meeting held at Donner Lake Lodge. The members and visitors enjoyed a film entitled "California and Its Natural 'Resources" presented by Jack Galatolo of San Francisco.

GAME LOSS SMALL IN DONNER RIDGE FIRE

Game Manager George Wurst and other fish and game officials have completed a survey of the fire area north of here and report the loss of deer is small. While most of the animals in the area escaped, a number were destroyed. Those that escaped are already returning to the burned over area, Wurst said.

It was not visible at the waterline and they were seen, fortunately, by people on shore. A boy on the dock swam out to assist them and a lady on shore called the Tahoe Boat Company for help. Only lacerations, cuts and a bruised nose were sustained. Fortunately, the women had left their five children at Kings Beach with a baby sitter. There might have been casualties had they been aboard at the time of the impact. The hazard should be marked with a buoy. Many visitors do not realize the hazards that are due to the low lake level.

DONNER SUMMIT NEWS

By LLOYD W. GAY

DONNER

The fire situation on the Tahoe National Forest prevented this column from reaching the Sierra Sun for the last two issues. Along with many other forest service personnel and local residents, the writer spent the past fourteen days in fire camps combatting the siege of disastrous fires. I spent a very interesting week assisting Al West in providing borate, for the aerial tankers which were flying out of Nevada City and Marysville airports in an attempt to stem the fast moving blazes. These planes, mostly converted World War II navy torpedo bombers, were very effective in many instances in preventing the fires from spreading before man could reach the area on the ground.

LEGION MEETS

The American Legion's Harold Eugene Jones Donner Summit Post 811 observed three minutes of silence at their August meeting in respect of the memory of their deceased past post commander and charter member, Henry (Snuffy) Piche. New members installed at the meeting in the Beacon Hill Lodge, presided over by Post Commander Eddie Aro were Bill Cannon and Clyde Berkey. Officials of the Legion's Sixth District were on hand for the ceremonies which included installation of new officers for the coming year. The Donner Summit group is the highest elevation Legion post in the U. S.

UNIVERSITY TOUR

A group of 70 foreign students at the University of California's Berkeley campus made a weekend tour of the central Sierra under the direction of Robert Cockrell, assistant dean of the graduate school. The group visited the Snow Laboratory, the Cal Lodge, and the new Cal Alumni Center near Tahoe City.

PARENTS VISIT

Recently spending a week with their son Al at the Snow Lab were John and Violet West from Long Beach. Mrs. West was able to stay for only a few days before flying to New Orleans, Louisiana, to be with her daughter who gave birth to a baby boy.

ST. BERNARD DIES

The beautiful St. Bernard of Bud and Barbara Zorich was missing for several days before being discovered drowned in the Reynold's swimming pool.

NEW CITIZEN

Joyce West received her American citizenship in a ceremony in the court in Sacramento in early August. Joyce, a Canadian by birth, has lived in the United States and California for the past five years.

VISITING FORESTER

The chief of the division of watershed research for the northeastern forest experiment station at Upper Derby, Pennsylvania, Howard Lull, spent several days at the Snow Lab with his three young sons while en route to the World Forestry Congress to be held in Seattle in early September.

LIVERMORE VISITORS

Mr. and Mrs. E. L. Paine from Livermore and their son John are visiting the Lee Forsters.

UTAH VISITORS

The head of the ski school at Sugar Bowl for the past two years, Junior Bounous, accompanied by his wife Maxine, are visiting with Ed Siegel, the new manager at the Sugar Bowl. The Bounous' home is in Provo, Utah.

BUSINESS CHANGES

Long time resident Ralph Rowton has sold his interest in the Chevron Station at Soda Springs to Bill Vale, effective on September 1. Ralph was with the Ice Lake Club prior to entering the service station business in 1949. He and Mrs. Rowton plan to remain in the summit area after the transaction is completed.

FORMER TEACHER

The principal and teacher at the Donner Trail School for the past t woyears, Jim Simmons, has been assisting Ralph Rowton in his service station during the month of August. Jim will be leaving this week as school starts in Grass Valley where he and Toddy have made their home since June. Jim will be teaching math and assisting in the phyiscal education program.

GOLF TOURNAMENT STAGED AT TAHOE

By NINA SLADE

TAHOE CITY — Carl and Elsie Bechdolt, Jr. were hosts to the annual Tahoe City Golf Club Championships last Sunday. Carl Bechdolt, Sr. and Bill Bechdolt of Tahoe Inn hosted the barbecue dinner that followed the games. Carl and Elsie provided the handsome trophies and merchants in the area donated merchandise giving all contestants prizes. Golf Pro Angie Bonino provided us with the following stands:

Boys' class, Ron Cerrudo, George Nachtmann, 36-holes with a gross of 135; Jim Sullivan, 136; and Roger Manwell, 142. Net winner Robert Sorut, 123; Steve Zeff had a net score of 125.

In the 36-hole junior class, Terry Marianaro, Auburn, first with 155; Karen Swanson, Alameda, 161; Jackie King, Alameda, 163. Corinne Curtola and Gene Callender played off gross scores of 134.

In the Women's Division, 18 holes, Eve Baillie had a net of 67; tied were Bettie Cerrudo, Eloise Hartman and Dorothy Lewis with a 69; Florence Lewis, 83; Jean Henry, 84, and Mata Woodruff and Elsie Martin tied for an 87. Net winner Louise Addleman, 66. Lee Baker of Squaw Valley played off a 69 with Mike Popovich of Truckee and won. Lee also took a first last year. Coming in second was Frank Kullen and Jim Kennedy; third Mike Korich and M. O. Johnstone with 62. We took these scores by phone and confess we're strictly a "babe in a sand trap" when it comes to golf and scoring, so if the above is in error, don't blame Pro Bonino, blame me.

LUNARDI ATTACKS PROPOSITIONS 1 - 15

TAHOE CITY—Speaking before members and guests of the Tahoe City Rotary Club Tuesday, Assemblyman Paul Lunardi denounced Proposition No. 15 on the November ballot as a rigged scheme to deprive northern California of representation through reapportionment of the state.

He also rapped the proposed $1,750,000,00 water bond issue, Proposition No. 1 on the ballot, calling attention to the high cost of such a plan. He said that in 5 years, the cost to the taxpayer for the issue would be between 4 and 5 million, considering that interest on each dollar at the lowest possible rate of 3 per cent would be 94 cents. At the highest rate of 5 per cent it would be $1.73, the speaker declared.

The bill, he added, does not assure one drop of water and takes all control for spending the money out of the hands of the legislature and makes it purely an administrative plum.

Regarding the reapportionment bill, Lunardi said if passed Proposition 15 would leave only one senator in his 24,000 square mile district of 160,000 population. There are now four.

It would require that 20 senators must run against each other or retire. Eight would be redistricted, 11 eliminated and only 12 would not be affected. At the same time, Los Angeles would gain six senators and the north would lost nine.

Under the bill, the south could be reapportioned every ten years, but nothing could be done to adjust the situation in the north.

William Briner was the program chairman and Ralph Bly presided at the meeting.

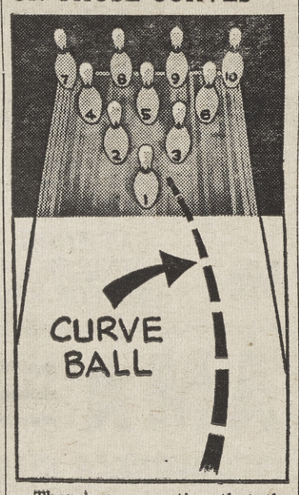
STRIKES & SPARES

BY JOE WILMAN

CONTROL IS HARD ON THOSE CURVES



There's no question that the curve ball which we illustrate today is the best strike-getter in bowling. It has plenty of stuff on it when it goes into the pocket. It bores right through the 1-3 pocket and bangs into the 5 pin beautifully. And if you can control it, I think you should stick with it.

Top stars like Ned Day and Bill Lillard have outstanding success with a curve ball through their pin-point control of deliveries, gained through hours and hours of practice.

Most bowlers, however, have trouble controlling such a wide-breaking hook or cure. It is also troublesome when you bowl on different alleys, because the curve will react in different ways to varying alley conditions. On some it may curve more than normal while on others it may not curve as much.

The curve ball reauires plenty of finger lift, usually combined wrist turn, to produce the stuff that makes it hook back into the pocket after bowing out so far to the right. This, too, is a strain on the fingers or wrists of many bowlers.

So, unless you are the exceptional bowler who can produce plenty of stuff on the ball and still control it, try to develop a ball that doesn't hook or curve quite as much as the curve ball.

ALPINE MEADOWS TO BE BARBECUE HOST

ALPINE MEADOWS — Skiers, sportsmen, anyone interested in the new Alpine Meadows ski development (just south of Squaw Valley) is invited to participate in the Alpine Meadows first annual preseason picnic-barbecue.

The unique outing is scheduled for Sunday, September 4 and will be held right in Alpine Meadows, according to John M. Reily, president of the organizing group.

"We hope a lot of folks will take advantage of this planned weekend to come in and see us in Alpine Meadows, get a first-hand-look at this fabulous new area, which will soon be transformed into a $1,500,000 ski lift development, enjoy a camp out in one of Sierra's most beautiful settings, and join our tour of the area and thereby qualify for the many valuable prizes which will be awarded to the lucky winners," said Reily.

HEAD CAMPAIGN

SAN FRANCISCO — Nevada County District Attorney Harold Berliner Jr. and Grass Valley building contractor Ed Nygard will serve as co-chairmen of Senator John F. Kennedy's presidential campaign in Nevada County, it was announced today.

VISITING AGAIN

Mrs. Ella Blake is staying at Kings Beach for a short stay. She is remarkably well. Son Lloyd, intends to stay here all winter if possible.

GOOD NEWS

Our pride and joy, our granddaughter, Joellyn, has lots of news; to our surprise she has become a second lieutenant in the U. S. Air Force. She now has a wonderful opportunity, bless her heart.

HERE AGAIN

Beverly Williams now has her mother, Sophie Medema from San Pedro, staying with her. Just by coincidence, Beverly's husband, Wyman, left for Pasadena just as her mother arrived. They live in our old home town, Pasadena.

OLD FRIENDS

Ernie Briles and family who were here in 1945 and was operator at the Tahoe Theatre, are visiting again.

GOLF

Don't forget the big golf tournament, it will surely be worth watching.

MORE GOOD NEWS

The Robbie Robinson's have taken over the Kings Beach Shell Station. This means excellent service. Good luck, Robby, I know you'll do real well.

LABOR DAY

Yes, visitors are coming into the area by the thousands, a little late for the motels, but better late than never.

VISITORS

W. R. Campfield of Seattle, visited his daughter, Mrs. Ruth Barber of Kings Beach. He is now attending the coin collectors convention in Boston, Massachusetts. Also visiting are her two nephews, Mike and Terry White of Los Angeles County.

COMPACT GROUP TO SEEK SETTLEMENT

RENO — The California-Nevada Interstate Compact Commission last week agreed to push for a tentative agreement by next January on division of the water resources of Tahoe and Truckee basins between the two states.

To speed negotiations, members set two days next month in Reno, Sept. 22 and 23, in an effort to meet their January deadline.

The schedule calls for completion of the tentative document by January, for federal government review during the spring, revisions and final approval by compact members and finally public hearings between July and September of 1961.

This would allow four months to incorporate necessary changes into legislative proposals to go before the lawmakers of the two states.

The agreement then would be subject to congressional approval. The time table calls for the agreement to be ready for review by congress in July of 1962.

As stated in the long-standing interstate controversy is some acre-feet of water annually that engineers say is available for distributions between Nevada and California from Lake Tahoe. The rights concern downstream users along the Carson, Walker and Truckee river systems.

Public hearings next year would have to be held in each of five California and six Nevada counties in which present water users live, as well as in Carson City and Sacramento.

Some of the stone images on Easter Island, owned by Chile, weigh hundreds of tons.

JOHNSON ASKS AID FOR REFORESTATION

WASHINGTON, D. C.—Congressman Harold T. (Bizz) Johnson of the 2nd, valley-mountain counties, district has urged congress to appropriate sufficient funds to rehabilitate and reforest fire devastated areas of northern California.

The congressman, in whose district the fires have been raging, was elected chairman of a special committee of California's delegation in congress to carry the bipartisan plea before the appropriations committee.

Representative Johnson had sparked the delegation's interest in the forest fire crisis by asking the entire California delegation to look into the matter.

The Roseville congressman urged the house to support an appropriation of sufficient size so that California would receive some $344,000 it needs immediately to rehabilitate forest lands which will result in great damage to watershed and other areas if immediate action is not taken.

DONNER DOINGS

By VIRGINIA O'BEAR

Things are almost back to normal at Donner Lake and for a long time many will be talking about the big fire of 1960. It is a terrible thing that the beauty has been destroyed on Donner Ridge but then we can all be thankful that it was in that area instead of down here around the homes and businesses. Now we have a job on our hands of informing people that we still have the beautiful resort village here and that they can still go fishing, boating, water skiing and skiing in the snow. It will take time as we all know and it is a shame that a fire had put Donner Lake in headlines on the front pages of newspapers all over the country.

I had the pleasure of photographing the Little League Baseball players last Saturday and what a nice group of boys. Next year I hope to get in when the leagues start playing and find out more about what they are doing. I think a lot of us should go to the games and back up this young generation.

* * *

Mr. and Mrs. Harry Ambler and family are now Donner residents as they have a beautiful trailer on their lot and have moved from their former home in Truckee.

* * *

Little Laraine Richards has been quite ill the last few weeks and has made several visits to the Tahoe Forest Hospital, each time staying for several days. She is the daughter of Mr. and Mrs. Spencer Richards and we are all wishing her a speedy recovery. Her sister Tammie, just returned home after visiting her grandmother in Sacramento for several weeks.

* * *

Mr. and Mrs. Cecil Ball entertained 40 relatives last week when they got together for a family reunion. Cecil said that relatives came from all over the United States for this special occasion and I'll bet they were mighty happy to see Cecil's new home that is built right over Donner Lake.

* * *

Arnold Verdi has a unique way of giving his guests a good time and a taste of the old west. He has the beautiful Donner Shore Resort and when his guests are in the mood they go for a ride in an old time stage coach over the old Donner Trail. They really have a scenic ride as well as a little excitement. A fake hold-up takes place up there somewhere in the mountains and I'm told it is hilarious.

* * *

I just had a call from Arline Johnson and she is so sorry that she and her Novato Thunderbird Bareback Riding Team will be unable to make it up this coming Sunday.

* * *

Sunday school at Donner Lake has an attendance between 17 and 20 children each Sunday. Despite the fire and the injury of Rev. Symons a week ago Sunday. Sunday school went right ahead. It is now being held in our home at the Lakeview Hotel and everyone is welcome ,including the parents. If you want to see something heartwarming, attend with the children some Sunday and watch their little faces when they sing and when they listen to Bible stories told by Rev. Symons. This one hour from 1 p. m. to 2 is really something to look forward to each week. Any child wishing to attend from the east end of Donner Lake is welcome and Rev. Symons said he would be happy to stop by and pick them up on his way out here. Last Sunday the children attended in beach attire as they enjoyed a picnic from 2 to 4 p. m. at the west end of the beach, after Sunday school. In a few weeks another picnic will be held at the beach and all parents and the children will enjoy a potluck and get-together with Rev. Symons. Our Sunday school is non-denominational and uses materials from the National Council of Churches. Right now we are trying to get some land to build a Donner Lake Chapel which could be used such as the little Chapel at Yosemite. Wouldn't it be wonderful if we could have a little Chapel here in a rustic theme.

* * *

I am so happy to have our daughter Jennifer back home. She spent two weeks in San Francisco with my sister Mary and really enjoyed herself as she went to the Ice Follies, went to Playland at the beach, took in several movies and had dinner at several nice places.

* * *

The Ladies Auxiliary of the Donner Lake Volunteer Fire Department have a dance planned for September 17 so be sure to reserve that date. A get-together is planned for people over 21 and the place will be announced at a later date.

TAHOE ITEMS

Mr. and Mrs. John Raffetto of Roseville have been staying at Tahoe Park.

1839—California *vaqueros* set the pattern for cowboys to follow

GOLDEN MOMENTS

In California history—long before *cowboy* was a household word, colorful *vaqueros* were herding cattle on our plains.

In California life—today, an important word in many of our households is *beer*, the beverage of moderation. Beer means enjoyment . . . it stands for prosperity, too. Last year, 7,800 Californians earned a total of $5.5 million in the Brewing Industry—another reason why beer means better living for all in the "Golden State."

REPAIRS COMPLETED ON LOCAL OVERPASS

Eastbound traffic on U. S. 40 under the interchange bridge at the State Sign Route 89 junction just east of Truckee has been returned to its normal lanes following completion of repair work on girders damaged last winter by an overload truck.

During repairs eastbound vehicles were detoured up and over the exit and entrance ramps at the south end of the structure.

G. S. Herrington of Auburn was contractor for the $11,000 job.

AIR PORT

Continued from Page 1

runway is under construction the following year.

Bids are to be called for fencing the airport prior to beginning the clearance of same as it was expected that as soon as private fliers see the cleared ground some of them would start landing.

A tax of 20 cents was unanimously voted by the board to carry on this work and with the amount it is expected to raise each year, plus federal aid matching funds, it is hoped the airport can be completed within three years to a point where lareg twin-engined commercial planes of the DC-3 type can make use of the field. The board discussed and adopted a budget for the ensuing year to the amount of $71,391.52. The 20 cent tax is expected to raise approximately $60,000. The district has $8,491.52 cash on hand and should receive $2,900 from the aviation gas tax refund. $67,466.52 of district funds is earmarked for capital outlay on the airstrip this year and a request is being made for federal aid to a like amount.

Two years ago the district directors agreed to release a sum of approximately $35,000 set aside by congress for a Truckee airport because of the inability of being able to make use of it at that time with matching money and the district was assured that when it was needed the money would be available. It is hoped that all or a large portion of this money can be obtained for this year's work and an additional sum will be requested from congress for use in the coming year.

Chairman John Houlgate and Director Zeph Rose were appointed to consult with District Airport Engineer C. G. Hand in Oakland at an early date to obtain federal aid funds as soon as possible.

The district attorney, Robert A. Fugazi, was appointed temporary manager of the district pending the need for a permanent manager following the starting of active construction work.

Attorney Fugazi was instructed to obtain information relative to bonding the various officers handling the finances of the district. A special board meeting has been set for Thursday, September 1, at the Utility District office to adopt the specifications for fencing and clearing the airstrip.

"Your actions speak so loud I can't hear a thing you say," said the observing populace of the religious element. Unfortunately, many who name the Name of Christ fail to depart from evil as they are admonished to do in the Bible. As Titus 1:16 declares, "they profess that they know God; but in works they deny him . . ." In preparing hearts for the communion service Pastor Rhoades will be speaking on the daily influence the Christian has in his community.

CHRISTIAN SCIENCE
Meets at Wyethia Clubhouse, Truckee.
Everyone Welcome
Sunday School: 9:30 a. m.
Morning Services: 11 a. m.
How mankind today can set about fulfilling the divine demand for perfection will be explained at Christian Science services Sunday.
Keynoting the Lesson-Sermon entitled "Man" is the Golden Text from Matthew (5:48): "Be ye therefore perfect, even as your Father which is in heaven is perfect."
These comforting words of encouragement from James will be included in the Bible readings (1:2-4): "My brethern, count it all joy when ye fall into divers temptations; knowing this, that the trying of your faith worketh patience. But let patience have her perfect work, that ye may be perfect and entire, wanting nothing."
Among correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy this will be read: "The divine demand, 'Be ye therefore perfect,' is scientific, and the human footsteps leading to perfection are indispensable (253:32-2). . . . God requires perfection, but not until the battle between Spirit and flesh is fought and the victory won" (254:6-8).
